Ornamental Shrubs

HARDY DEPENDABLE SHRUBS

KEY—H-High shrub from 6 to 10 feet.
M-Medium shrub from 4 to 6 feet. L-Low
shrub from 2 to 4 feet.

•

SPIREA V. H., BRIDAL WREATH—M—Most common used shrub. White flowers in June. 12 to 18 inches, 30c each.

SPIREA PRUNIFOLIA—M—This Spirea is like Bridal Wreath, except that flowers are double. 12 to 18 inches, 40c each.

SPIREA FROBELI—L—A dwarf growing shrub, very hardy, pink flowers. 18 to 24 inches, 40c each.

GOLDEN SPIREA—H—Very hardy, leaves large and a golden color. 18-24 inches, 35c each.

MORDEN'S PINK LYTHRUM—Should perhaps be classed as a perennial. Tall spikes of pink flowers from July till frost. No. 1 50c each.

LODENSE PRIVET—A true dwarf growing shrub, seldom gets taller than two feet. Very attractive dark green foliage. 12 to 15 inches 40c each.

PRIVET—ARMOUR RIVER NORTH—Same as Lodense except it gets taller. Makes a good hedge plant. 1 year old, 2 and 3rd cane, 35c each.

EUONYMUS ALATUS—M—A novelty shrub with cork-like bark. 18 to 24 in., \$1.00 each.

PHYSOCARPUS NANA—M—One of our very best shrubs. White flowers in June. 18 to 24 in., 45c each.

POTENTILLA FRUITICOSA—L—Yellow, buttercup-like flowers all summer. 12 to 18 inches, 45c each.

Specimen Evergreens

These trees have all been transplanted from two to five times. Dug with earth ball on roots, wrapped in burlap and tied double with 2 ply sisal twine, at no extra cost.

COLORADO BLUE SPRUCE (Green Color) Each

15-18 inch	\$1.50
1½-2 feet	2.00

COLORADO BLUE SPRUCE, "Shiners" (Silver Blue Color)—

These blue shiners are the very best obtainable in the seed trees. We price them according to form and height. About \$2.25 per foot of height.

THUJA OCCIDENTALIS PYRAMIDALIS—

We have a few Pyramidal Arborvitae, well grown good bushy trees. Matched pairs at \$9.00 or single trees at \$5.00 each. They run about 3½ to 4 feet tall.

BLACK HILLS SPRUCE—

The Black Hills Spruce is a great favorite here, making a much better tree than the Norway. The tree maintains a compact symmetrical growth even in small trees. The foliage is a fresh attractive green, often running to blue. It is thrifty and fast growing. A good tree wherever planted.

Hedges

HONEYSUCKLE, BELLA ALBIDA—We have grown and used this shrub for windbreak since 1934. Very hardy and long lasting. The original plant that we started propagating from, growing near here, is over 50 years old and still in fine healthy condition. Planted 4 feet apart in the row, it will make a real "live" snow fence. It should be planted on the very outside, on the north and west of the grove.

Strong one year old plants, \$12.50 per 100, \$60.00 for 500, \$115.00 for 1,000.

Roses

Good roses are scarce, and we have only a limited supply to offer. All roses are guaranteed to bloom the first year.

BROWNELL SUB-ZERO HYBRID TEAS—A new race from hardier Species that bloom all summer, with the best of fragrant flowers. Will live many times as long, thru Sub-Zero winters.

LILY PONS—White with pure yellow center—large delicate flowers.

PINK PRINCESS—Bud red, flowers deep pink.

V FOR VICTORY—Most beautiful large very double yellow fragrant roses—constantly blooming.
